SUMMARY

Highly motivated in the field of Front-end Web development and SQA, I'm a CSE student at AIUB, majoring in Software Engineering with all coursework completed and only the internship pending. I have solid knowledge in Front End development and Requirements Engineering along with an interest in SQA. I'm passionate about gathering clear web page and delivering reliable, bug-free software. Currently seeking an internship or full-time role to gain hands-on experience in Front end development or QA.

SKILLS & TOOLS

- **Programming Languages:** C++, C, HTML, CSS, JavaScript, .NET, Python
